RE: Vasquez Boulevard/ Interstate 70 Site  
Phase III Field Investigation

Dear Susan:

I am pleased to transmit the enclosed document, "Project Plan for the Vasquez Boulevard & I-70 Site, Denver Colorado, Phase III Field Investigation" (enclosure 1). This document was approved by EPA on August 5, 1999. Field implementation of the plan began on August 6, 1999.

I have also included a copy of all comments received by EPA on the draft project plan as requested by the working group at our meeting on August 5, 1999 (enclosure 2). A response to each comment will be provided by EPA in a responsiveness summary which we are currently preparing. You will note in reading the final project plan that many of the requested changes to the draft version have been incorporated in the final document.

Thank you for providing input into this study. If you have any questions about the enclosed document, please call me at (303) 312-6579.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bonnie Lavelle".
